A Note From Miss Beth:

I want to send a personal message to our parents that are signing up with us this year. I have truly struggled with this decision but we have had to increase our prices this year as per advice from Uptown Shelby financial business advisors. 28 years ago when we first opened, our tuition was \$38. Over the 28 years it has only increased \$4. With the 10% discount for the year paid in full our tuition is less than \$38 for the first class. I have given my employees small raises over the years, but I feel they are worth more, and I have not really taken one for myself. Especially since Covid, it requires more people to keep the studio running smoothly, safely and still in a loving and encouraging environment. I want to assure our parents that every dollar you spend at APA goes to the quality of instruction we try to provide. We hope you will understand and continue to dance with us.
